EXPEDITION ATHLETE & OUTDOOR STORYTELLER

Join my next adventures.

Twenty-one self-organised expeditions across four continents since 2013 — from Mont Blanc, Kilimanjaro and Aconcagua (6,500 m) to the Matterhorn's Hörnli Ridge.

Originally from Annecy in the French Alps and now living in Tokyo, I plan, film and write high-altitude climbs, ski-mountaineering tours and multi-week traverses alongside a full-time career in tech at Google — bringing executive reliability, clean briefs and honest field reporting to outdoor brand partnerships.
